

## Foundation and Practitioner (Combined)

This course is suitable for anyone working in a project environment, including project managers and team members and will provide participants with the ability to organize, plan and control projects using the PRINCE2® methodology.

### COURSE CONTENT

The Prince2® Foundation element follows the syllabus put in place by the APM Group, including :

- The process-based approach
- Project Governance
- Roles and responsibilities
- Product based planning and levels of plans
- Project controls and tolerance
- Management of Risk
- Configuration management and change control
- Quality Management
- The Project Management Plan
- Support services and commercial partnerships

This course provides candidates with:

- Preparation for the Prince2® examination, including sample papers and marking guidelines.
- A review of the entire method, consolidating, understanding and addressing any areas of concern.
- Syndicate and individual scenario based exercises, designed to focus candidates on the application of the Prince2® method.

This course which has been accredited by the APM Group and comprises of an intensive 5 day programme leading to the PRINCE2® Foundation on day 3 and the Practitioner Examination of day five.

### COURSE DELIVERY OPTIONS

1. Classroom - open course schedule (5 days, includes exam).
2. In-house - at your location (5 days, includes exam).

### WHAT IS IT ABOUT?

PRINCE2®(2009) Foundation section covers basics and terminology and the PRINCE2® (2009) Practitioner provides an opportunity to apply learning of the PRINCE2® methodology to a real-life derived scenario.

### CERTIFICATION

The examination scheme is administered by the Association for Project Management Group Ltd. Delegates will undertake a one hour multiple choice examination on day three and successful candidates will progress to the two and a half hour Practitioner scenario-based objective testing multiple choice examination on day five.
