Develop the expertise to maximise value and drive strategic success with the APMG Managing Benefits Foundation and Practitioner course. Equip yourself with the tools and techniques to ensure programmes and projects deliver measurable value, align with strategic goals, and foster a culture of continuous improvement within your organisation.

Overview

Develop the expertise to maximise value and drive strategic success with the APMG Managing Benefits Foundation and Practitioner course. This comprehensive programme introduces the Managing Benefits framework and its practical application in organisational settings.

At the Foundation level, you'll explore core concepts, principles, and benefits management practices, while the Practitioner level focuses on applying these skills to real-world scenarios. You'll learn to identify, quantify, and prioritise benefits, develop effective benefits realisation plans, and establish processes for monitoring and optimising delivery.

By the end of this course, you'll be equipped with the tools and techniques to ensure programmes and projects deliver measurable value, align with strategic goals, and foster a culture of continuous improvement within your organisation.

Who Should Attend?

Ideal for change leaders, planners, appraisers, implementers, and support staff involved in driving and managing organisational change.

Virtual Classroom Delivery

Engage in 5 days of virtual learning where you will cover both the Foundation & Practitioner level, delivered via Adobe Connect. The first 3 days of learning will focus on the Foundation qualification and the last 2 days will focus on the Practitioner qualification.

Course Content

Gain the skills to:

- Plan the implementation of benefits management, selecting strategies to sustain and measure progress
- Adapt principles, practices, and techniques to suit various organisational environments
- Identify key activities within each practice of the Benefits Management Cycle, along with defined roles and responsibilities
- Evaluate examples of benefits management documents effectively
- Analyse and assess solutions in response to given scenarios

Exam Details

The Foundation exam will be sat on the afternoon of the 3rd day and the Practitioner exam will be sat on the afternoon of the 5th day. Please note: If you do not pass the Foundation exam, you are still eligible to take the Practitioner course and exam. After completing the Practitioner exam, a provisional result will be displayed on-screen. If you pass, you'll need to retake and pass the Foundation exam promptly to officially confirm and release your Practitioner result.

What our customers say...

Would definitely recommend!

"The course was put together really well, we covered a lot over the duration, which was great. The trainer was very knowledgeable and it was helpful that we were able to ask questions to enable us to understand more. I would definitely recommend this way of training."
