

APM Project Management Qualification (PMQ)- BoK7

2020

/Virtual Classroom / Online course options available

The APM PMQ course is designed to prepare project professionals for the PMQ exam and provide a comprehensive level of project management knowledge to help ensure successful project delivery.

Overview

This fully accredited course is aligned to the Association for Project Management's Project Management Qualification BOK 7 syllabus and exam.

The APM PMQ is recognised internationally and provides a solid understanding of the current best practice methodology.

The learning for this course is delivered through an interactive and participative environment to help ensure effective learning and application.

Using an appropriate case study, learners will be able to contextualise the learning and apply the theory in a practical sense which will ensure a greater likelihood of implementation and improvement in the workplace.

Content

This course follows PMQ syllabus and covers the following main Learning Outcomes:

- Understand how organisations and projects are structured
- Understand project life cycles
- Understand the situational context of projects
- Understand communication within project management
- Understand the principles of leadership and teamwork
- Understand Planning for success
- Understand project scope management
- Understand schedule and resource optimisation
- Understand project procurement
- Understand risk and issue management in the context of project management
- Understand quality in the context of a project

APM Project Management Qualification (PMQ)- BoK7

2020

/Virtual Classroom / Online course options available

Course Delivery

/ Virtual Classroom

5 days of virtual learning through 9 X 2 hour modules morning and afternoon. The first 8 of these modules cover the APM PMQ exam syllabus and the final session is dedicated to exam preparation tips. The online exam* is also included in this package.

/ Blended Package

This option includes 11 syllabus related e-learning modules, a live 2-hour virtual exam preparation workshop session and the online exam*.

/ Online Package

This option includes 11 syllabus related e-learning modules including an exam preparation module and the online exam*.

*The APM PMQ exam is an online written paper (typed) and is 'proctored' by an external agency so your PC will need a camera and microphone as well as Internet access.

All our Virtual Classroom Training is designed and delivered by a Certified Online Learning Facilitator (COLF) and we pride ourselves on Virtual Classroom best practice.

Who Should Attend?

The APM PMQ is aimed at those wishing to achieve a broad level of project management knowledge sufficient to participate in projects from individual assignments through to large capital projects. Applicants typically have some pre-existing project management knowledge, and it is the ideal next step for anyone holding the APM Project Fundamentals (PFQ) qualification.

Price List

/Virtual Classroom- £2,095+VAT
