The Chartered Project Professional (ChPP) standard demonstrates the attainment of a defined level of technical knowledge, professional practice and ethical behaviour. Proving exceptional project capabilities.

### Overview

The Chartered Project Professional Standard is a professional benchmark that demonstrates attainment of a defined level of technical knowledge, professional practice and ethical behaviour and forms the basis of the assessment that applicants must pass to gain Chartered Project Professional (ChPP) status.

### Who should attend?

ChPP is for anyone that meets the following criteria:

- Having a proven track record delivering projects, programmes, portfolios or a key control or enabling function and;
- Having up-to-date knowledge of current practices and methods and;
- Being actively involved in the project profession.

You **do not** need to be an APM member to apply.
