The Association for Project Management (APM) Project Management Qualification (PMQ) course is designed to prepare project professionals for the PMQ exam and provide a comprehensive level of project management knowledge to help ensure successful project delivery.

Overview

This course is accredited by the APM and aligns with the PMQ syllabus, based on the APM Body of Knowledge (BoK) 7th edition. It is also SCQF Level 7. It will prepare candidates for the PMQ exam and provide a comprehensive level of project management knowledge to help promote successful project delivery.

Why Learn with 20/20?

As the largest independent provider of project management training in the UK, we are here to support and guide you through professional training. 20/20 care about your development as a project professional and will help you and your team achieve new qualifications. Who Should Attend?

The APM PMQ is aimed at those wishing to demonstrate a broad level of project management knowledge to participate in the successful delivery of projects of all sizes. Candidates typically have some pre-existing project management knowledge, and it is the ideal next step for anyone holding the APM Project Fundamentals Qualification (PFQ).

Blended Learning Delivery

The Blended PMQ utilises state of the art, interactive e-learning. Candidates will complete the modules aligned to the PMQ syllabus. This is followed by a virtual, facilitator led exam preparation session (2 hours). This package includes the online exam (date confirmed following the course).

Course Content

This course follows PMQ syllabus and covers the following main Learning Outcomes:

- Understand how organisations and projects are structured
- Understand project life cycles
- Understand the situational context of projects
- Understand communication within project management
- Understand the principles of leadership and teamwork
- Understand Planning for success
- Understand project scope management
- Understand schedule and resource optimisation
- Understand project procurement
- Understand risk and issue management in the context of project management
- Understand quality in the context of a project

Exam Details

A three-hour written paper with an additional 15 minutes reading time at the start where candidates must answer ten from sixteen questions.

OR

If you are a PRINCE2® Practitioner you will take a two-hour paper with an additional 10 minutes reading time at the start that recognises prior learning. In this paper you must answer six from ten questions.

What our customers say...

feefo 

High quality & maximum support

"I looked around for a Project Management course online and was eventually recommended 20/20 as a provider..."
