Overview

The APM Project Professional Qualification assessment is based on a pre-seen case study and is divided into three parts: a scenario assessment, an oral exam assessment and a written report.

Who Should Attend?

The APM Project Professional Qualification is aimed at any project professional either:

- working in project management and looking to take the next step in their career.;
- holding the APM Project Management Qualification or equivalent;
- looking to become a Full Member of APM (MAPM);
- looking to achieve the Chartered Project Professional (ChPP) standard via route 1.

Virtual Classroom Delivery

The APM PPQ consists of two virtual sessions.

- Session 1 is triggered by the release of the assessment case study 28 days prior to the assessment day.
- The first session is based on the understanding the assessment requirements and decomposition of the case study.
- Following an interim study period (typically 1-2 weeks), the second session is designed to consolidate understanding of the case study and provide final assessment guidance.

Course Content

This course aligns with the PPQ syllabus and includes:

- Overview of the qualification
- Introduction to learning materials
- Review of the PPQ syllabus Learning Outcomes and Assessment Criteria
- Fundamental knowledge requirements
- Case study decomposition
- Report writing
- Role-play tips and techniques
- Preparing for the oral examination
- Your study plan
- Case study overview

Exam Details

In total, the assessment of all three elements will last two hours 35 minutes and will take place within one day. The scenario assessment and oral exam elements will be carried out using video conferencing software. The project report will be carried out as an online written assessment, using the BTL Surpass platform.
