📖 Overview

The Association for Project Management (APM) Project Fundamentals Qualification (PFQ) is a great way to start your project management career, allowing you to gain an understanding of the principles of the project profession. It offers a fundamental awareness of project management terminology giving you the knowledge to make a positive contribution to any project.

This course is accredited by the APM and aligns with the PFQ syllabus, based on the APM Body of Knowledge (BoK) 7th edition. It is also SCQF Level 6. It will prepare candidates for the PFQ exam and provide a broad understanding of the principles of project profession. No prior knowledge or experience is required for this qualification.

Why Learn with 20/20?

As the largest independent provider of project management training in the UK, we are here to support and guide you through professional training. 20/20 care about your development as a project professional and will help you and your team achieve new qualifications.
